

Thomas J. Duffy, Ed. D.
Superintendent of Schools

Dear Parents and Caregivers,

September 3, 2018

The Dallas and Wycallis Elementary Schools receive Federal Title I funds to assist us in meeting the instructional needs of our students. We use those funds to offer additional reading instruction and literary resources to support our students and their families. Throughout the school year, we will be providing you with important information about Title 1 services and your child's education. This letter serves to let you know that your child will be served by highly qualified educational professionals. Furthermore, you have the right to request information about the qualifications of the faculty and staff that work with your child.

The Every Student Succeeds Act (ESSA) was signed into law in December of 2015. ESSA reauthorized the Elementary and Secondary Education Act (ESEA) of 1956. These laws not only guarantee your rights to know the qualifications of school personnel at any time, but you also have the right to opt your child out of Title 1 services at any time. You may also request to view assessments and ask questions about assessment procedures and data at any time. If you have any questions about personnel or would like to review the qualifications of the personnel working with your child, please contact me at any time. Additionally, if you have and questions about assessments, data or assessment procedures, please contact me at any time.

Yours, in education,

Thomas A. Traver, III
Director of Elementary Curriculum and Instruction
(570) 674-7280
