RE: Carverton Road Closure/Alternate Stops

Parents and Guardians of Bus 4 Students,

This afternoon, the district received an update from Fabcor, the company responsible for the construction project on Carverton Rd. As per their representative, Bus 4 will be able to access and complete all stops in Sunrise Estates as normal. While the road is marked as closed at the Manor Dr. intersection, the workers will permit the bus to pass and enter Sunrise Estates.

Unfortunately, due to the nature of the work, Fabcor explained that the bus will not be able to proceed beyond Sunrise Estates toward W. 8th St. as the road may be incomplete in certain sections and turning the bus around would not be an option. In an attempt to better serve those parents/students, the district will add a stop at the entrance to Sunrise Estates. We understand that this may still pose an inconvenience, but it appears to be the only option other than the lengthy detour, drastically affecting the times of the entire route.

This change to conduct normal service to Sunrise Estates, including the added stop at the entrance for those living on the remainder of Carverton Rd., will go into effect for this afternoon. We will evaluate this plan as it is implemented and communicate any changes as needed.

Should you have questions, please feel free to contact my office directly. If you wish to make changes to your child's Bus 4 stop for today or for the duration of the construction project, please contact your respective school.

As per Fabcor, the entire project is expected to conclude by November 4th, at which time the district plans to resume our normal transportation schedule for Bus 4.

Thank you for your patience and understanding as we do our best to balance safety, ability, and convenience with relation to this issue.

Sincerely,

Jacob Sholtis, Ed.D.
