RE: Carverton Rd. Closure Update

Parents and Guardians of Bus 4 Students,

Over the last few weeks, the district has been closely monitoring the status of Carverton Rd. regarding the ongoing construction project and road closure. Fabcor, the contractor responsible for the project, has informed us that construction is now expected to extend into early December.

As an update, beginning the week of 11/2, Carverton Rd. will become accessible from W. 8th St. This will allow the district to resume pick-up and drop-off service for students residing on W. 8th St. and the portion of Carverton Rd. near Ellen Dr. Families residing along that section of Carverton Rd. should use the intersection of Carverton Rd. and Ellen Dr. as a temporary bus stop. Until a new routine is established, please have students at the stop 10 minutes prior to normal pick-up times. Drop off times for these stops may be slightly earlier as well.

Service to Sunrise Estates, including the temporary stop at the entrance, will remain unchanged.

Thank you for your patience and understanding as we navigate these temporary transportation adjustments.

As always, feel free to contact my office directly should you have questions.

Sincerely,

Jacob Sholtis, Ed.D.
Director of Operations
